Sierra College Ranked as the #1 Nursing Program in California

by Student Intern Region II Abba Schwartz,

Sierra College, located in Rocklin, California and educates approximately 16,000 students each year is one of the 14 colleges in Region II. Their most popular program being the Allied Health Pre-Nursing program with more than 1,5000 students enrolling into the program each year. Many of these students earning their degree in Registered Nursing and going on to pass the NCLEX-RN to become registered nurses.

Just earlier this month, RegisteredNurse.org. ranked Sierra College #1 in the, "15 Best ADN (Associate Degree in Nursing) Programs in the Western Region for 2024." Students have the opportunity their first year to enhance their critical thinking skills so that they are prepared to leave campus and immediately contribute as employable nurses.
