

**STUDENT SENATE FOR
CALIFORNIA COMMUNITY
COLLEGES**

**FINANCIAL STATEMENTS WITH
INDEPENDENT AUDITOR'S REPORT**

**YEARS ENDED
JUNE 30, 2022 AND 2021**

INDEPENDENT AUDITOR'S REPORT

**Board of Directors
Student Senate for California Community Colleges
Sacramento, California**

Opinion

We have audited the accompanying financial statements of Student Senate for California Community Colleges (Student Senate), which comprise the statements of financial position as of June 30, 2022 and 2021, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Student Senate for California Community Colleges as of June 30, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Student Senate and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Student Senate's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material

misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Student Senate's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Student Senate's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

STUDENT SENATE FOR CALIFORNIA COMMUNITY COLLEGES

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2022 AND 2021

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Student Senate for California Community Colleges (Student Senate) is a nonprofit corporation that endeavors to improve student access, promote student success, engage and empower local student leaders, and enrich the collegiate experience for all California community college students. The Student Senate represents about 1.8 million community college students of the California Community College System in state-level shared governance and legislative advocacy, and fulfills responsibilities regarding student representation, collaboration, accountability, communication, and strategic advocacy.

During 2017, the Student Senate entered into a Memorandum of Understanding (MOU) with the California Community College Chancellor's Office (CCCCO) and the Board of Governors of the California Community Colleges (BOG) to authorize the Student Senate to operate as the official statewide community college student organization pursuant to California Education Code Section 76060.5, and to establish the terms and conditions of that relationship. The 2017 MOU was updated in 2020 to "establish the conditions under which the Student Senate will continue to operate as the statewide community college student organization recognized by the Board of Governors." The MOU remains in place for the 2021-22 fiscal year.

The BOG and/or CCCCCO has sole custody of student representation fees until the prescribed disbursement date of April 15, as long as Student Senate satisfies the requirements of the Education Code set forth in the MOU.

Basis of accounting and financial statement presentation – The financial statements are prepared on the accrual basis of accounting and in conformity with professional standards applicable to not-for-profit entities. The Student Senate reports information regarding its financial position and activities according to two classes of net assets: without donor restrictions and with donor restrictions.

Revenue recognition – Student representation fees are collected by CCCCCO for spring and fall semesters, but the final accounting and disbursement to Student Senate does not occur until April 15 of the year following such collection. Accordingly, such fees are not recognized as revenue until received by Student Senate.

The Student Senate's revenue generated from contracts with customers consists of conference fees. Revenues are recognized when the related event occurs. Funds received in advance of being earned are recorded as deferred revenue, which represents a contract liability. Receivables from contracts with customers are \$13,282, \$1,800, and \$29,000 as of June 30, 2022, 2021, and 2020, respectively.

STUDENT SENATE FOR CALIFORNIA COMMUNITY COLLEGES

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2022 AND 2021

Contributions from CCCCCO are recognized in full when received or unconditionally promised, in accordance with professional standards. Conditional promises to give – that is, those with a measurable performance or other barrier and a right of return – are not recognized until the conditions on which they depend have been met. All contributions are considered available for unrestricted use unless specifically restricted by donors for future periods or specific purposes. Donor-restricted amounts are reported as increases in net assets with donor restrictions. Net assets with donor restrictions become unrestricted, and are reported in the statements of activities as net assets released from restrictions, when the time restrictions expire or the contributions are used for the restricted purpose.

Cash and cash equivalents – For financial statement purposes, the Student Senate considers all investments with a maturity at purchase of three months or less to be cash equivalents.

The Student Senate maintains its cash in bank deposit accounts that, at times, may exceed federally insured limits. The Student Senate's deposits held with financial institutions in excess of federal depository insurance limits were \$1,184,666 and \$854,160 as of June 30, 2022 and 2021, respectively. The Student Senate has not experienced any losses in such accounts. Management believes the Student Senate is not exposed to any significant credit risk related to cash.

Receivables – Accounts receivable consist of contributions from multiple vendors promised to Student Senate. All contributions are expected to be received within one year.

Investments are stated at fair value.

Income taxes – The Student Senate is exempt from income taxes under Internal Revenue Code Section 501(c)(3).

Fair value measurements – Fair value is a market-based measurement, not an entity-specific measurement. For some assets and liabilities, observable market transactions or market information might be available. For other assets and liabilities, observable market transactions and market information might not be available. However, the objective of a fair value measurement in both cases is the same—to estimate the price at which an orderly transaction to sell the asset or to transfer the liability would take place between market participants at the measurement date under current market conditions (that is, an exit price at the measurement date from the perspective of a market participant that holds the asset or owes the liability).

In order to increase consistency and comparability in fair value measurements, a fair value hierarchy that prioritizes observable and unobservable inputs is used to measure fair value into three broad levels, as follows:

Level 1 Inputs	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical assets or liabilities.
Level 2 Inputs	Inputs other than quoted prices in active markets that are observable either directly or indirectly.
Level 3 Inputs	Unobservable inputs for the asset or liability.

STUDENT SENATE FOR CALIFORNIA COMMUNITY COLLEGES

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2022 AND 2021

When a price for an identical asset or liability is not observable, a reporting entity measures fair value using another valuation technique that maximizes the use of relevant observable inputs and minimizes the use of unobservable inputs. Because fair value is a market-based measurement, it is measured using the assumptions that market participants would use when pricing the asset or liability, including assumptions about risk. As a result, a reporting entity's intention to hold an asset or to settle or otherwise fulfill a liability is not relevant when measuring fair value.

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Functional allocation of expenses – The costs of program and supporting services activities have been summarized on a functional basis in the statements of activities. The statements of functional expense present the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefitted. The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. Professional services and personnel expenses are allocated based on estimates of time and effort. All other expenses are recorded on a direct expense basis.

Subsequent events have been evaluated through January 10, 2023, the date the financial statements were issued. Management concluded that no material subsequent events have occurred since June 30, 2022 that require recognition or disclosure in the financial statements.

2. LIQUIDITY AND AVAILABILITY OF RESOURCES

Financial assets available for general expenditures within one year of the statement of financial position date, are comprised of the following at June 30:

	<u>2022</u>	<u>2021</u>
Cash and cash equivalents	\$ 1,434,666	\$ 1,104,160
Investments	986,707	
Accounts receivable	<u>75,282</u>	<u>46,689</u>
Total financial assets	2,436,655	1,150,849
Less amounts unavailable for general expenditures within one year due to:		
Restrictions by donors for purpose	<u>(191,342)</u>	<u>(28,612)</u>
Total financial assets available to management for general expenditure within one year	<u>\$ 2,245,313</u>	<u>\$ 1,122,237</u>

As part of the Student Senate's liquidity management strategy, financial assets are structured to be available as general expenditures, liabilities, and other obligations come due. Additionally, the Student Senate invests cash in short-term highly liquid investments and money market accounts.

STUDENT SENATE FOR CALIFORNIA COMMUNITY COLLEGES

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2022 AND 2021

3. INVESTMENTS

Mutual funds and equities are classified within Level 1 of the fair value hierarchy because they are valued using quoted market prices with reasonable levels of price transparency. Investments consist of the following:

	<u>2022</u>
Cash and cash equivalents	\$ 10,111
Bond funds:	
Intermediate core	216,472
Short government	585,459
Exchange traded funds:	
Foreign large blend	28,817
Diversified emerging markets	16,099
Equity:	
Large blend	<u>129,749</u>
Total	<u>\$ 986,707</u>

4. NET ASSETS WITH DONOR RESTRICTIONS

Net assets with donor restrictions are restricted as follows as of June 30:

	<u>2022</u>	<u>2021</u>
Financial Aid Coalition and strengthen technological capacity	\$ 190,842	\$ 28,612
Scholarships	<u>500</u>	<u> </u>
Total net assets with donor restrictions	<u>\$ 191,342</u>	<u>\$ 28,612</u>

5. MANAGEMENT SERVICES AGREEMENT

In 2017, the Student Senate entered into an agreement with the Foundation for California Community Colleges (FCCC) to obtain management services. Such services include assistance with leadership development, planning, budgeting and fiscal management, website development, risk management, human resources consulting, and other services.

The term of the agreement coincides with the MOU terms between Student Senate and CCCCCO. Fees paid to FCCC for the year ended June 30, 2021 totaled \$24,128. This service agreement was terminated in April 2021 and as such there were no fees for the year ended June 30, 2022.
