

AB 2315 Summary

Implementation of Systems

Mandating each community college district to establish a system allowing individuals to declare their affirmed name and gender identity.

Record Updates

Requiring campuses to update records upon request to include affirmed names and gender identification in various documents such as school-issued email addresses, identification cards, class rosters, transcripts, and diplomas.

Timeline

Starting from the 2023–24 academic year, community college campus systems should be fully capable of allowing individuals to declare their affirmed name and gender identification.

Fee Regulation

Community college campuses are prohibited from charging higher fees for correcting, updating, or reissuing documents or records based on the declaration of an affirmed name or gender identification compared to the fees charged generally for such services.
