LETTER FROM REGION V'S RAD

Hello Everyone!

"I am happy to start the beautiful month of February off by celebrating National Freedom Day and highlighting Black History Month within our Region! I want to take the time to spotlight individuals such as Sojourner Truth, Oscar Micheaux, Whitney Young, Malcolm X, and many others for their work advocating for civil rights, displaying leadership within activism, and pushing on legislation. But more importantly, they all created ultimate change for the better. These innovators challenged traditional perspectives, shared their stories, and walked alongside others as they struggled. Others and I truly admire them, and it helps drive us for the action we do today. So I want to encourage you to start or continue exploring Black History this month and forward onward. There is a quote I wanted to share that resonated with me by LaGarrett J. King, a University of Missouri associate professor of social studies. King stated, "teach Black History from Black perspectives." Within that same concept, I ask you to learn about Black History from Black perspectives and understand the complexities we were never properly taught about. Keep exploring, keep questioning, and keep on listening. Lastly, I wanted to shoutout our newly elected Communications Officer, Gerado (Jerry) Reyes! While also state that our executive team is working towards getting full activation for our region, while making sure we are informing, reaching out, and communicating with out region!"

Thanks a bunch,
Aaron Villarreal

By Vice Chair Simon

Annually the SSSCC hosts a spring General Assembly for all community colleges to attend. Students gather tools and tips on how to be an effective student leader, advocate, and representative. They network with other students around the state, receive information on current topics and issues, and debate on resolutions submitted by students at California community colleges that guide the organization.
