## **BREAKING NEWS:**

**Region X became the first of ten regions to get fully activated with all nine of our community colleges having a verified Delegate to represent them.**

### **What's Next?**

As we get our internal committees going, each delegate will be required to attend at least one committee regularly. From Internal Affairs (chaired by our Vice Chair), to Communications (chaired by our Communications Officer), the committees will meet regularly each month. Tentative meeting times, locations, and amount will be determined at the discretion of the committee's Chair. Additionally, the Executive Board will move forward with getting alternate delegates signed up and verified, should an absence or replacement arise. Region X Executive Officers can be reached by email as attached below for any concerns regarding our respective committees.
