

COMPLIMENTARY PADS & TAMPONS

(LIKE IT SHOULD BE)

We recognize that menstrual hygiene is a basic necessity.

Equivalent to toilet paper and soap, menstrual hygiene products ought to be available in campus bathrooms for free.

We launched the #FreeThePeriod pilot program to pave the way for that at UC Davis. This program stocks 9 campus restrooms with free pads and tampons through the 2018-19 school year. The reception of products and survey results will inform proposals for future institutionalization.
