Hello Everyone!

We are only one month in the new semester and the region is already firing at all cylinders. We currently have 4 active internal committees that are open for students to join. For more information, please email the respective chair using the email provided at the end of this newsletter. We have been working hard, and I cannot wait for our results to show.

As a member of our region, we want to see you! Our social media page will be posting photos from our campus visits as well as some of the students within our region. If you are interested in having yourself, your student body association or your school event being featured on our page. Please reach out via our instagram @ssccc_regionii.

For this spring semester, we are excited to expand our outreach and engagement efforts to have a fully active region with all 14 colleges represented, visit campuses in-person, and host in-person events and Delegate Assemblies! We want to see you!

I am always inspired by the leadership and dedication of our region. I look forward to the work we are going to accomplish this spring. Have a great start to your new year and I will be seeing you at your school real soon!

Sincerely,

Kevin Hill

Communications Officer, Region II

Although it may seem early, elections are coming soon. This is a great opportunity for those who want to help shape the region while gaining valuable leadership experience. March In March

March in March is our annual advocacy day that takes place right here in Region II. The day starts off at 9am at the Capital where we will be in the Swing Space speaking with legislators.
