Letter from the **VICE CHAIR**

Students of Region III,

I hope that the new year has begun well for you. It is hard to believe that just a month has passed since our regional team gathered at the Riverside Convention Center for Advocacy Academy 2025. From my perspective, the delegates represented Region III with professionalism, passion, and integrity, and I look forward to seeing that same level of leadership continue into our Delegate Assemblies in 2026.

I would also like to recognize Davina Malbrough, our Regional Affairs Director, for her outstanding leadership so far. Through her efforts, 12 of our 14 community colleges are now activated within the region. She also played a critical role in maintaining continuity during a challenging period when our executive team was operating without a Communications Officer and an intern. Her commitment has been nothing but instrumental to Region III's progress.

As we move forward, I want to highlight that special elections for the Communications Officer position will be taking place soon. With system participatory governance as one of the three pillars of Student Senate for California Community Colleges, we strongly encourage California Community College students to participate in this process. Students interested in running or learning more about the position should contact Davina Malborough at radregioniii@ssccc.org.

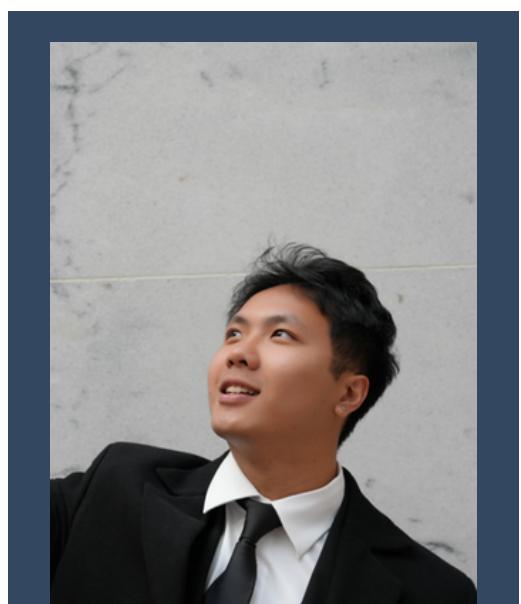

Additionally, the resolution submission deadline is February 13, 2026. If you are a California Community College student and have ideas about the issues SSCCC should prioritize in the upcoming legislative cycle, now is the time to begin drafting a resolution. For guidance on the resolution-writing process, our Legislative Affairs Director, Ode Kunthar, is available to assist and can be reached at ladregioniii@ssccc.org.

On behalf of the Region III Executive Team, we are excited to continue representing you in the second half of our term. Should you have any questions or concerns, please feel free to reach out to me at vicechairregioniii@ssccc.org.

Sincerely,

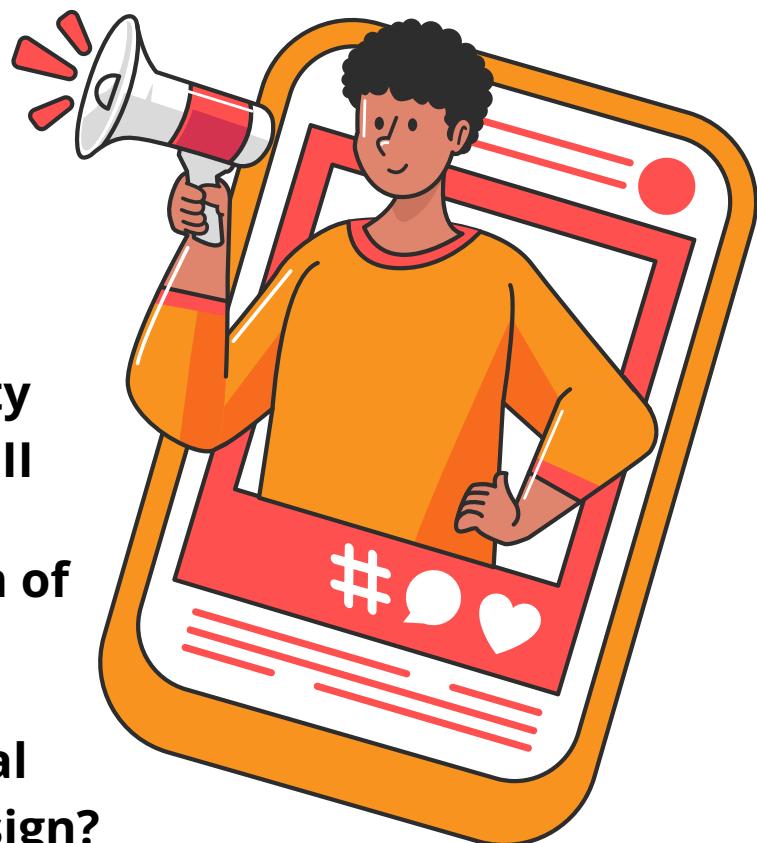

King Chan Wong
